

PREFACE

The Code of Island County is a complete codification of the general Ordinances and Resolutions of the County of Island, Washington and is intended to be a useful manual and ready reference for all citizens. All Ordinances and Resolutions not repealed, of a general or permanent nature, are conveniently arranged in this volume by subject. This volume covers all Ordinances and Resolutions through December 31, 2011.

The Ordinance and Resolution provisions are divided into titles, chapters, and sections. Each section is followed by a legislative history in parentheses. Footnotes referring to applicable state law and cross-reference to other related Code provisions appear throughout this volume. The index is keyed to the numbers of the Code.

The Code is organized under an expandable decimal numbering system in order that it can be kept up-to-date by regular supplements without the necessity of a recodification. The Code will be updated with supplements annually.

Code provisions are from time-to-time amended, repealed, or supplemented by later-enacted legislation. To ensure that a relevant current Code section is up-to-date since the last supplement published in this book, you may check the Board of Commissioner records in the Island County Auditor's Office. Also you may check Island County's web site at <http://www.islandcounty.net/> to locate any Ordinances or Resolutions that have been adopted after the latest update to this book.
